

5901 Venice Blvd

# Virtual PICO NC Land-Use Committee Meeting

The Kaiser Permanente West Los Angeles campus is expanding by proposing to build a community serving Ambulatory Surgery Center or outpatient center. The proposed plans will demolish an existing office building and include a new 3-story, 62,975 sf. medical office/surgery center, and a 122,802 sf., 5-level parking structure.

The proposed medical office building will relieve pressure from an increased demand for medical services from the surrounding community at the West Los Angeles Medical Center.

## Meeting Details

**Date:** Thursday, May 23, 2024

**Time:** 6:30 to 9:30 p.m.
